

Characteristics	CB 30		CB 30
Power (kW/hp)	15/20	Inferior Stroke (mm)	3000
Work Flow (l/min)	29	Superior Stroke (mm)	2500
Work Pressure (bar)	300	Fly by Wire	
Tank (l)	150	Dimensions (CxLxA) (mm)	7855x1570x1760
Cycle Time (min)	5	Weight (kg)	5600
Loading Capacity (t)	30		

## ADVANTAGES

- Safety.
- Efficiency.
- Less operation time.
- Easy execution of operation.
- Just one person to operate.
- Doesn't damage the container.
- Low maintenance.
- Allows block loading and unloading.
- Electric machine which allows less fuel consumption.
- Less costs of container maintenance.
- Easily transported.
- Block loaded by overhead crane or forklift truck.
